MAYSVILLE, KY., SATURDAY, FEBRUARY 29, 1896

NUMBER 84.

FAVORABLE TO CUBA.

Decided Action Taken by the United States Senate.

BELLIGERENCY-INDEPENDENCE.

But Six Votes Cast Against the Cuban Resolution—Intense Excitement in the Upper House of Congress—Patriotic Speeches, Delays of the House—The Cuban Question Not Taken Up For Consideration.

WASHINGTON, Feb. 29.—By the overwhelming vote of 64 to 6 the senate yesterday adopted a concurrent resolution favorable to Cuban belligerency and independence. When this result was announced the densely packed galleries broke into long continued applause, which the vice president checked with difficulty.

The result was reached after a day of fervid speeches, which at times aroused the crowd of spectators to enthusiastic demonstrations. The keen public interest in the subject was evinced by the presence of the largest crowd since congress assembled. The representatives of foreign powers were numerous in attendance, the occupants of the diplomatic gallery, including Ministers Mendoza of Brazil, Hatch of Hawaii, Lazo-Arriaga of Guatemala, Rengifo of Columbia, and Baron Von Kettler of the German embassy. Senor Dupuy de Lome, the Spanish minister, was not present, but two of the attaches of the Spanish legation occupied seats with the other diplomats.

The main feature of the debate was the speech of Senator Sherman, chairman of the committee on foreign relations. As a rule the veteran senator from Ohio speaks with reserve and conservatism, so that it was the more surprising when he arraigned Spain and her Governor General Weyler in the most merciless and scathing manner. Mr. Sherman read specific instances in which Weyler was pictured as stripping young girl captives and making them dance before the Spanish troops.

Other speeches were made by Mr. Lindsay of Kentucky, Lodge of Massachusetts, Caffery of Louisiana and Allen of Nebraska. The voting began at 4 o'clock according to agreement. It was simplified by the withdrawal of conflicting amendments, so that only three votes were necessary. The first disposed of the resolution of Mr. White of California limiting the action of congress to a request on the president to grant belligerency. This was tabled, 57 to 12. The amendment of Mr. Allen directing the president to recognize the Cuban republic as independent met like defeat, 52 to 17.

Then came the final vote. The resolution in full is as follows: "Resolved, by the senate (the house of representatives concurring) that in the opinion of congress a condition of public war exists between the government of Spain and the government proclaimed and for some time maintained by force of arms by the people of Cuba; and that the United States of America should maintain a strict neutrality between the contending powers, according to each all the rights of belligerents in the ports and territory of the United States."

"Resolved, that the friendly offices of the United States shall be offered by the president to the Spanish government for the recognition of the independence of Cuba."

The vote on the committee and the Cameron resolutions resulted, 64 yeas to 6 nays. The senators who voted in the negative were Caffery, Chilton, George, Hale, Morrill and Wetmore.

The announcement of the result was greeted with great applause in the galleries.

HOUSE PROCEEDINGS.

The Cuban Question Not Taken Up, but Heard From.

WASHINGTON, Feb. 29.—There was an enthusiastic demonstration in the house yesterday, when Secretary Cox of the senate, shortly before 4 p. m. in the afternoon, appeared and announced the passage by the upper branch of congress of the Cuban resolutions, but the matter did not come up in any other form during the day.

After encountering the unexpected opposition of Mr. Bourke Thursday the house leaders concluded to postpone taking up the resolutions until the legislative bill was disposed of.

The whole day in the house was spent in the consideration of the legislative appropriation bill and considerable progress was made. An agreement was reached whereby the bill to change the compensation of United States attorneys and marshals from the fee to the salary system is to be offered as an amendment to this bill. An amendment offered by Mr. Tawney (Rep., Minn.) to provide that the members shall have \$100 per month for clerk hire throughout the year, instead of during the sessions only as is now the case, provoked the charge that it was a "salary grab." Mr. Payne (Rep., N. Y.), who was in the chair, ruled it out on a point of order. An attempt was made to overrule the chair, but he was sustained—102 to 43. The provision for senators' clerks was then stricken out with the avowed intention of effecting an "equitable adjustment" with the senate later.

ONLY RUMORS.

The Threatened Strike of Philadelphia Streetcar Employes.

PHILADELPHIA, Feb. 29.—Officials of the Union Traction company, which controls all the street railway lines in this city, with one exception, say that they know nothing of the contemplated strike of the company's motormen and

conductors for 10 hours a day, with pay at the rate of 20 cents an hour.

President Mahon of the Amalgamated Association of Street Railway Employes, who announced that a general demand would be made in several of the large cities for uniform hours and wages, could not be seen. The traction officials say no fresh demand has been made for a revision of the present schedule and that as far as they know the employes are satisfied.

SUFFERING ARMENIANS.

Smallpox and Other Diseases Added to Their Wants For Food.

WASHINGTON, Feb. 29.—United States Minister Terrell, at Constantinople, has advised Secretary Olney by cable that the inhabitants of the town of Zeitoun and vicinity are suffering from the ravages of smallpox and other diseases and are in want of food. He says that relief expeditions are fitting out as fast as possible, but that progress is necessarily slow and uncertain because the valleys are deep in mud and almost impassable while the mountains are filled with snow and the weather is unusually cold.

The British vice consul has sent relief to Harpoot and the sultan has issued an imperial decree forwarding protection, and ordering other facilities for Miss Burton in her work of distributing relief.

BACILLI IN THE MAILS.

Restrictions Under Which They Can Be Shipped.

WASHINGTON, Feb. 29.—The order of the postmaster general, issued June, 1893, forbidding the use of the mails for the transmission of specimen germs of cholera or other diseased tissues was modified by Postmaster General Wilson yesterday so as to allow admission of such germs for transmission to the United States, state or municipal laboratories.

This will be allowed, however, only when the germs are enclosed in mailing packages constructed in accordance with strict specifications now promulgated. These packages will not be allowed to be delivered to any representative of a laboratory until a permit is first issued by the postmaster general certifying the right of the institution to receive them.

No Longer to Cheat Uncle Sam.

LANSING, Mich., Feb. 29.—An immense tract of land in Antrim, Missaukee, Otsego, Charlevoix, Kaskaskia and Cheboygan counties was restored to market yesterday by an act of the state legislature. These properties, known as the Agricultural college lands, have heretofore been offered for sale at cash payments by reason of which the purchasers in many cases stripped their claims of the valuable timber with which they were covered and allowed the titles to revert to the state. To obviate this, purchasers are now required to pay full value for timber lands before a single tree is allowed to be removed.

Objects to the Statue.

WASHINGTON, Feb. 29.—An effort will be made to prevent the dedication of the statue of Father Marquette in Statuary hall of the Capitol, by Mr. Linton, the member from Michigan, who is an avowed representative of the A. P. A. doctrines. Mr. Linton has prepared a resolution to prevent the placing of the statue in the Capitol, basing his protest on a law providing that only statues of citizens of the state furnishing them shall be placed there and claiming that Father Marquette was not a citizen of Wisconsin. He will try to secure consideration of the resolution.

Thrown Into the River.

SYRACUSE, Feb. 29.—When a sleigh ride party from Minoa was crossing the canal bridge at Manlius Center last night, the carry-all tipped over and several people were thrown from the bridge to the water below. Charles Worden of Minoa received injuries from which he died two hours afterward. His daughter, Mrs. Leroy Stevens, sustained serious injuries. Philip Scheurman and A. H. Marshall of Minoa and several others were injured. Worden was 65 years old.

Transvaal Prisoners.

WASHINGTON, Feb. 29.—United States Consular Agent Manion at Johannesburg has made a report by cable to Secretary Olney respecting the condition of the prisoners at that place. He says that the Transvaal government shows every disposition to treat the prisoners leniently and has been considerate and friendly toward the official representatives of the United States. Hammond and the other American prisoners are now in Johannesburg awaiting legal proceedings.

Pullman Company Fighting.

WASHINGTON, Feb. 29.—The intention of the Pullman Palace Car company to fight with all the energy and resources at its command any attempt at reduction by national legislation of the prices of sleeping car berths was evidenced yesterday by the appearance of its legal representatives before the house committee on interstate and foreign commerce at its hearing of arguments on the bill introduced by Congressman Corbiss of Michigan.

Gas Land Lease.

ELWOOD, Ind., Feb. 29.—The Consumers' Gas Trust company of Indianapolis secured 21 valuable gas leases yesterday, the land leased being right in the heart of the great gas producing country. This company now has hundreds of acres leased in this county, the rental of which costs large sums of money.

FIGHT GROWING HOT.

Crisis Reached in the Kentucky Legislature.

ELECTION CONTESTS ARGUED.

If the House Ousts the Democrats, the Senate Will Do Likewise With the Republicans—Some Startling Disclosures Made in the Joint Session—No Election, Other Kentucky State News.

FRANKFORT, Ky., Feb. 29.—In the house the Werner-Tompkins contested election case came up yesterday. Speaker Blanford cautioned the members of the house to not let their temper get the better of their judgment. He said the eyes of the world are upon Kentucky's legislature, and if there was any disgraceful proceedings on this case the state would suffer incalculable injury.

It was agreed to grant each side an hour and a half to argue the case, and ex-Speaker Carroll opened, speaking in favor of Tompkins, Democrats, the sitting member.

While the debate on the contest cases was in progress a message came in announcing the governor's veto of the bill enabling sheriffs who forfeited office to be reinstated by filing a bond between now and March 15. This is one of the two bills which have reached the governor up to this time.

Debate on the contest case then proceeded, and Representative Flippin of Monroe spoke in favor of the Republican contestant, Werner.

Further consideration of the contest was cut off by the meeting of the joint assembly at noon.

After the joint session the house adjourned without further argument on the report of the contest committee.

The senate did nothing in the morning except to provide for holding an afternoon session, the meaning of which was that if Werner was seated in the house one or more Republicans would be fired from the senate.

The Democrats declare that if their members are turned out similar steps will be taken in the senate and Republican senators intimated.

The beginning of the 34th ballot indicated no prospect of an election. The anti-Hunter Republicans began to vote for John W. Langley and Senator Dingus, who has heretofore voted for Hunter, joined with them.

Speaker Blanford explained his vote and did it gracefully. He said that he would continue to vote for Dr. Hunter till he could be heard, but would not do so if the charges was proved true.

The ballot resulted: Blackburn, 61, Hunter, 57; scattering, 8.

Duel About a Girl.

FLEMINGSBURG, Ky., Feb. 29.—Nate Soursley and Will Bell, two colored youths of this city, became engaged in a quarrel over a girl yesterday and fought a street duel with pistols. When the smoke cleared away it was found that Bell had a hole shot through his head, and he is now in a serious condition. Soursley is still at large, but will be arrested.

Dynamite in Line.

DANVILLE, Ky., Feb. 29.—T. B. Mills and Edward Duncan, living near Danville, were slaking a barrel of lime for whitewashing, when there was a terrific explosion, thought to have been caused by a dynamite cartridge in the lime. Both of Duncan's eyes were injured.

Robbery Robbers.

HENDERSON, Ky., Feb. 29.—Jake Lawrence and James Scantland were arrested, charged with robbing Dick Graves. It is alleged that they put a noose around his neck and put the rope over a rafter, making him disgorge a small amount of money.

Both Were Arrested.

HENDERSON, Ky., Feb. 29.—Jim Green, a notorious negro, threw rocks at ex-Policeman Will Ball, who replied by firing three times at Green, missing his aim. Both were arrested.

DOUBLE TRAGEDY IN CHICAGO.

Young Man Kills a Girl and Then Commits Suicide.

CHICAGO, Feb. 29.—The dead bodies of Flora Larbig, 17 years old, and Edward Peters, 19 years old, were found yesterday in the basement of the building at 350 West Fourteenth street, where Peters lived. Both bodies were cold and the murder and suicide, for such it appeared to be, had evidently been committed some time during the previous night.

The girl had a gaping bullet wound behind the left ear, Peters' death being caused by a shot in the right temple. Peters had been out of work for some time and despondency over this and his rejection by Miss Larbig were, it is believed, the cause that drove him to the crime.

Snowing in the Northwest.

CHICAGO, Feb. 29.—Snow has begun falling throughout the northwest, to a depth of two to four inches being reported in North Dakota and parts of Montana, with a decided drop in temperature. The temperature is below zero north of North Dakota and Montana.

Died on the Train.

NEW HAVEN, Feb. 29.—John G. Grump, aged 43, of Baltimore, a traveling salesman for N. L. Uri & Company of Louisville died suddenly on the train from Springfield, just as it reached this city yesterday.

MAIL ADVICES FROM CUBA.

They Differ Greatly From Those Sent Out by Spanish Censorship.

HAVANA, Fla., Feb. 29.—Yesterday's mail from Cuba brings three letters from and to different sources announcing outrages which are stated in the dispatch given below directed to Senator Morgan in Washington by Rafael Portuondo, Cuban secretary of state, who left for Washington last night.

In Quantal, seven miles from the suburbs of Havana, on Saturday, Feb. 22, at half past 2 the insurgents retired from the town. Three hundred Spanish soldiers immediately entered, murdering noncombatants to the number of 22, among whom were some Spaniards, sick men, boys of 15 years and an old man of 72. The violation of young girls was prevented by the protest of Spanish residents. Fifteen insurgent noncombatants have been taken to Mariando for trial. This news has been confirmed by living witnesses who have just arrived from the scene of the butchery.

The details of the battle at Palo Prieto, between Santa Clara and Placeta, about Feb. 20, have arrived. The result is considered more important than the battles of Peralejo Coliso or Lascaecos. Serafin Sanchez commanded the Cubans and General Palanco the Spanish. The outcome was the greatest triumph the Cubans ever had, the Spanish loss being 500. General Palanco was severely wounded and his horse is now in the possession of Quintin Bandera. In their flight many Spaniards threw themselves into the river.

The Spaniards attacked a small detachment of scouts who soon overtook the main body, and after a short fight the fearful machete charge was made pre-empting hundreds of Spaniards beneath their terrific onslaught. The severe Spanish losses are attributed greatly to the panic which ensued when "charge with machete" was ordered.

Great enthusiasm prevails here among the Cubans over the announcement that the resolution to recognize them as belligerents was passed by the senate yesterday afternoon.

Dispatches From Havana.

HAVANA, Feb. 29.—General Linares passed from San Felipe by Galathea while Macero was near Aguacate, the insurgents to the number of 1,500 under Peria Diaz, Nunez and Castillo, occupying the hills in front of the column of troops. Other insurgent infantry and cavalry on one flank opened fire upon the column. General Linares ordered forward part of his forces to reconnoiter. The forces involved were in a short time hotly engaged, the insurgents defending their position obstinately and giving back only a foot at a time.

The troops charged with the bayonet enthusiastically and finally dislodged the insurgents, who retreated seven miles, where they made another stand. Another bayonet charge dispersed them, when they left 12 killed and, according to the official report, carried off over 50 wounded. The troops had two killed and seven wounded.

The body of Sebastian Ulaclas, the rich planter and owner of the great Tivo Tivo estate, 15 miles east of Havana, who was hanged by the insurgents, has been brought to Havana. The whole affair has created a most painful impression.

The insurgents have burned the villages of Guanae and Mantua.

The main force of the insurgents has passed north of La Macagua in Matanzas.

The insurgents have burned the buildings of the Vista Hermosa estate.

Brigadier General of the Civil Guards Emilio Lamo has been appointed military governor of Havana. General Suarez Valdez has been appointed to a similar position in Pinar del Rio.

BROKE UP IN A ROW.

Timely Arrival of the Police Prevent a Riot in Pittsburg.

PITTSBURG, Feb. 29.—The meeting last night of Labor Assembly 300 (window glass workers) broke up in a row and only the opportune arrival of police prevented a serious riot. Simon Burns, the deposed president, started trouble by objecting to certain sections of the minutes relating to his deposition. Master Workman Campbell overruled the objection, when Burns' friends, among them a number of Belgians from Jeanette, who maddened Campbell and Winters at that place last Wednesday, howled a vigorous protest.

After quiet had been restored a motion was carried, 138 to 14, authorizing the present administration to handle the finances.

About this time a fight in the rear of the hall between sympathizers of the factions diverted attention from business and the assembly was declared adjourned. Then the fire began and pandemonium reigned until the police forced their way through the excited crowd and commenced the work of clearing the hall, which required over a half hour's time. It kept a force of eight or ten officers busy for some time after clearing the streets and restoring order.

Foul Fight With Winchester.

FORT WORTH, Tex., Feb. 29.—At China Springs, Tex., Julien Evans and Henry Wilson, farmers, who had long nursed a feud, fought with Winchester. Both received wounds resulting in death.

Father Bergmeyer Dead.

SANTA BARBARA, Cal., Feb. 29.—Father Superior Ferdinand Bergmeyer of the Franciscan friars of the Santa Barbara mission, who was shot four times by Bernard Krusemeyer, Thursday, died shortly after 6 o'clock last night.

WAR IN NICARAGUA.

Hot Times Expected in the Very Near Future.

THE REVOLUTIONISTS MASSING.

They Have Organized a Provisional Government and Will Endeavor to Overthrow President Zelaya and His Government—Jealousy Among the Leaders It Will Not Affect the Holding of the Canal.

MANAGUA, Nicaragua, Feb. 29.—The revolution is now in full blast, and most of the cities in the country are in arms preparing to either support President Zelaya or to furnish soldiers for the rebels. The leaders of the Leonists are the leaders of the official party, and the head of the rebel movement, General Ortiz, is an ex-president.

The revolutionists at Leon have organized a provisional government, with Francisco Baez as president and General Ortiz as chief of the army.

The latest news from the revolutionist camp states that general confusion prevails, owing to jealousy among the leaders. The revolutionists are also in great need of money. The mayors of Malagapa and Guegala having evidenced a disposition to join the insurgents, troops have been sent to overawe them.

The conservative party of Granada has offered the government of General Zelaya \$1,000,000.

The village of Nagarote has been recaptured from the rebels. President Zelaya will take the field against the revolutionists soon.

Five hundred revolutionists undertook to seize a steamer at Momotombo, but did not succeed in doing so. The government immediately raised troops, and now has 2,000 men at Matamoros.

Not counting the forces of this place and other towns, the main body of the people are with the government. The revolutionists have barely succeeded in raising 800 men. General Ortiz has arrived at Leon.

WON'T HURT THE CANAL.

Warner Miller Not Worried by the War in Nicaragua.

NEW YORK, Feb. 29.—Mr. Warner Miller of the Nicaragua Canal Construction company said last night that he has been expecting for some time a general uprising in Central America. "Such an uprising, however," he added, "would not affect the Nicaragua canal interests."

"The United States government has always afforded us ample protection, and all our grants and concessions have been given regularly by acts of congress, so that we have nothing to fear from any political overturning."

No information has yet been received at the Nicaraguan consulate in this city indicating that the revolution is likely to spread over all Central America, but such a state of affairs has been expected. The next mail from Central America is expected to bring much important information from the home governments to the various consuls here.

ATTEMPTED SUICIDE IN A CELL.

A Triple Murderer Cuts His Throat With a Razor Hidden in His Boot.

NEW YORK, Feb. 29.—John Mackin, the murderer of his wife and mother-in-law, tried to kill himself in the jail in Jersey City yesterday. In searching him at the station Thursday night the police had overlooked a razor which Mackin had concealed somewhere about his person, probably in his boot.

With this weapon he cut his throat and would have soon bled to death had not a jail attendant heard a gurgling sound proceeding from the murderer's cell. Mackin was removed to the hospital. His recovery is doubtful. Morris Connors, the father of Mrs. Mackin, whom Mackin shot when he killed his wife and Mrs. Connors, is very low. The bullet is lodged in the throat of the old man in such a way that it is almost impossible to remove it without causing the patient's death.

INSANE JEALOUSY.

A Young Woman Mortally Wounded by Her Lover.

NEW YORK, Feb. 29.—In a fit of insane jealousy Thomas Cooley, 28 years old, of this city, shot and mortally wounded Miss Jane Flynn, 27 years old, at the corner of Second avenue and Seventy-ninth street. The injured woman was taken to the Flower hospital in a dying condition, and the man was arrested.

The shooting was one of the most brutal in the records of the police for the unfortunate woman was fairly riddled with bullets, three of them having taken effect in her head and two in her hand. The sixth shot, for the revolver was a weapon with six chambers, went wild and struck into the casing of a door in a saloon, where the woman ran to escape from her pursuer.

Death of General E. C. Cabell.

ST. LOUIS, Feb. 29.—General E. C. Cabell, who served in the Confederate Army during the late war, died here at 5 o'clock yesterday morning at the home of Ashlee Cabell, his son. General Cabell was 80 years old, and during the last 30 years, lived in St. Louis. He came here from Florida, which state he represented in congress 40 years ago. He abandoned the practice of law several years ago and since then lived in retirement. He leaves a son and two daughters. The funeral will take place Sunday afternoon at 2 o'clock from the Church of the Ascension.

THE WEATHER.

Fair and colder weather; northerly winds.

NINETY per cent. of the Madison County Republicans recently interviewed declared for McKinley for President. They don't seem to think Governor Bradley is in it.

The general impression at Frankfort is that there will be no election of a United States Senator at the present session of the Legislature. Well, Kentucky has been getting along with one Senator for over two months now.

Referring to Congressman Pugh's candidacy for re-election, the Vanceburg Sun remarks: "The old soldiers and his widows and orphans are especially pleased with his faithful attention to their interests." The Sun has got things considerably mixed.

"The Democratic party can win this year," said President Cleveland a few days ago to a member of his Cabinet, "if it will declare unequivocally for sound money. Nostradde, no compromise will do. On a straightout platform, with a candidate to match, we can carry the country."

It is announced from Frankfort that if Senator Blackburn is defeated for re-election he will take the stump in Kentucky and try to secure a free silver delegation to the National convention. Really, it looks like the Senator has neglected his duties at Washington City long enough already.

The next National convention of the Republican party at St. Louis must modify the platform adopted by the Minneapolis convention by stating, explicitly, that the Republican party is opposed to the free and unlimited coinage of silver. Unless it does that the Republican party will throw away the victory now in its hands.—Louisville Commercial.

Senator Carter, Chairman of the National Republican Committee, declares the g. o. p. is doomed if it refuses to recognize silver. So, there you are. It looks like she's gone up, no matter what action it takes on the money question.

SOMEHOW or another, some people nearly always manage to be "misinformed"—when they want things to go their way.

The Senator from Lewis County did take part in the caucus that nominated Dr. Hunter. He was not only a member of the caucus, but he voted in it. He not only voted in it, but he voted a number of times for its nominee. The Ledger owes him a lasting debt of gratitude for having vindicated the correctness of its position during the recent campaign.—Public Ledger.

Here's where the BULLETIN got its information on the subject. In a letter to the Louisville Commercial a few days ago, Walter Forrester, who was Secretary of the Republican State Committee during the last campaign and who is now Assistant Adjutant General, says:

Speaking of the three Republicans who have refused to support Dr. Hunter any longer, it may be interesting to the public to know why these gentlemen have adopted this course. Senator Rammans said to me to-day that he was actuated solely by a sense of duty to his party and to the people who elected him. He had not voted in the caucus that nominated Dr. Hunter, but he had supported him faithfully and had hoped to see him elected.

Senator Rammans says he did not vote in the caucus, according to Mr. Forrester's statement. The editor of the Ledger says he did. If the BULLETIN has been misinformed, the above will show who the misinformant is.

The Time for Building

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists. 25c.

River News.

Falling at Pittsburg and Charleston.

Dr. Henry J. Garrigues, Obstetric Surgeon to the New York Maternity Hospital, Gynecologist to St. Mark's Hospital, and Professor of Gynecology and Obstetrics in the New York School of Clinical Medicine; author of "Practical Guide to Antiseptic Midwifery," "Text-book of Diseases of Women," in the January Forum says: "From a medical standpoint bicycling is valuable both as a prophylactic and as a curative agent. Like other outdoor exercises it takes its votaries away from the vitiated air of closed rooms; but it has several advantages peculiarly its own. It is less expensive and is safer than horseback riding. For the female sex it is also healthier; has much more variety and interest than walking, except in localities that offer steep ascents and descents that the bicycle can not be used. It also allows the rider to see much more and to cover a much greater distance in same time. It has the advantage over games that it can be indulged in for a longer time without causing fatigue or becoming tedious.

"Although we have seen that certain groups of muscles come chiefly into play, all the muscles of the body are used more or less, and are strengthened. Good fresh air is plentifully drawn into the lungs, and the capacity of these organs is increased, especially by maintaining the straight position in riding. A person who only works and walks hardly ever fills his lungs; but the bicyclist needs all the air he can inspire, and good respiration causes a more perfect oxidation of the blood, and good blood means healthy tissues, strong nerves, and normal secretions. Normal peptic juices digest all food. The elimination of waste material through the skin and lungs is increased; which also purifies the blood. The whole nervous system is highly benefited by bicycling. The rider must constantly use the senses of hearing, seeing, and feeling in order to avoid collisions, direct his machine, and keep his equilibrium. This exercise, therefore, is in a high degree apt to draw the mind away from its usual pursuits and the cares of daily life. It is highly exhilarating and promotes sociability, since it is both pleasanter and safer to ride in company than alone. In women it is apt to overcome the impulsiveness and whimsicality which render so many of them unhappy.

"If bicycling is an excellent preventive of disease and a promoter of good health, it is of no less value as a remedy for certain pathological conditions. By its effect on respiration and digestion, bicycling becomes a potent remedy for anemia, that condition of the blood which consists in a diminution of the red blood corpuscles, and shows itself in pallor of the skin and the mucous membranes. Numerous nervous troubles are relieved or cured by this exercise, such as neurasthenia, or nervous prostration, a condition usually due to overwork or worry, and in which the normal strength is lost, and the slightest exertion causes fatigue, physical and mental exhaustion. The same holds good in regard to headache, insomnia and neuralgia. Among the nervous affections benefited by bicycle-riding may also be included that troublesome disease, asthma, a cramp-like contraction of the muscles of the bronchial tubes, which causes a painful sensation of choking. In the beginning of phthisis where parts of the lung tissue become condensed and less pervious, moderate bicycle riding is helpful. Many diseases of the intestinal canal—such as dyspepsia, constipation and hemorrhoids—yield to the effects of wheeling. A case has recently come to the writer's knowledge in which the stiffness remaining after a fracture of the leg, was successfully treated by riding a bicycle."

The assignees of the Exchange Bank at Flemingsburg have not yet completed a schedule of the assets and liabilities, but hope to do so soon. The Times-Democrat says: "The feeling in our community is growing better. Men are not sitting down to mourn actual or anticipated loss, but are going ahead with their business to retrieve as far as possible any loss which may result. There is general satisfaction expressed that Mr. Willson and assignees will do the best possible to make the assets pay every dollar of the debts and possibly leave a snug sum to Mr. Willson's credit."

The manager of Clydeside Park at Ashland has applications from a base ball club of Louisville and a theatrical troupe at Cincinnati, wanting to come to Ashland for the summer and play at Clydeside. Liberal propositions have been made to each, says the News, and the probabilities are they will accept.

Another happy home was saddened yesterday by the death of a loved one who was called in the sweet innocence of childhood. At 1:30 o'clock, Norma Isabelle, only daughter of Mr. and Mrs. James Dunn, sank into the sleep of death, after an illness of a week from measles and pneumonia. She would have been eighteen months old to-day. Death is never so sad as when it lays its cold hand upon the joy of the home as in this instance. The parents have the sincere sympathy of the community in their sorrow. The funeral will occur Sunday at 2 p. m. at the residence, 216 East Third street, with services by Rev. Father Ennis. Interment at Washington.

Dr. W. R. HEFLIN has decided to locate at Aberdeen for the practice of his profession. He is a graduate of the Ohio Medical College, and practiced for a year or so at Owensboro. This winter he has been with Dr. Owens. His many friends wish him success at Aberdeen.

Where Price and Quality Meet

There look for buying opportunities. They crop up on all sides here, and we have only time to enumerate a few of the choicest. Cash only secures them. You are reasonable women and of course understand we can't shave profits so close and then wait months for our money.

Monday, 9 to 11 a. m.,

pure Linen Handkerchiefs, hemstitched and embroidered, for 10 cents. Not a thread of cotton in them, and there is no need to tell you the beauty and wear in all linen goods. Five pieces of Double Satin Damask, always priced at 85c., for 67c. Each pattern is a joy to the eye, and the small cost cannot fail to delight your purse. These prices stoop to conquer.

Monday 3 to 5 p. m.

Many of our patrons complain our opening was not sufficiently announced, so as an earnest of our desire to give all an opportunity to secure our rare offerings, we place on sale again, during the above mentioned hours, handsome Damask Towels, fringed and hemstitched, positively the 50c. kind for 23c. Not more than six to one buyer. Such a value at such a price is an eloquent speech for economical housewives.

HE'S NOT INSANE.

That's What the Bracken People Think of Laughlin, the Murderer—But Little Danger of a Lynching.

Says the Brooksville Review: "The plea of insanity is being urged in extenuation of the most horrible crime that ever shocked this community. The friends of Laughlin are loud in their vindication of his fiendishness on that hypothesis. If he were crazy, how could he plan such a plausible story to divert suspicion? And if he is crazy, is not the world better off with such lunatics in Kingdom come? No woman is safe, no home secure when such revolting crimes are permitted to go unavenged. It is a well established scientific truth that a madman never commits rape. Something must be done to shield our women from the uncontrollable lust of such fiends, and to clear our beloved State of such foul disgrace, and it can only be done by a firm and speedy vindication of the law. No man worthy the name will condone the grave offense of Robert Laughlin, and no man who honors woman-kind and loves the good repute of his county will try to excuse him on such a score.

"Laughlin when he committed his bloody outrage was perfectly sane, and should be made an example of. Not at the hands of a mob, for that would only add another horrible disgrace to the county, but the law should assert itself and deal out to him the full measure of punishment."

The Augusta Chronicle says: "The people have come to the conclusion to let the law take its course. The people of Bracken are law abiding, and except while under great excitement would do nothing rash. They fully realize that mob violence now would only be adding another great crime to the one already committed. Laughlin's lynching would be simple murder."

Youthful Offenders.

Jack Spencer and Strode Bly, aged about twelve years, entered the Red Corner Clothing Store yesterday morning at 11 o'clock, and asked to see some clothing. Mr. George Frank, one of the salesmen, detected them shortly afterwards trying to "sneak" some goods, and a search disclosed two coats and a pair of pantaloons hidden away under their coats. Captain Martin and Mr. John Daly, one of the salesmen, marched the young culprits around to the Police Court. They were given a hearing in the afternoon and were then given a sound spanking, and let off with this and a good lecture, on account of their youth.

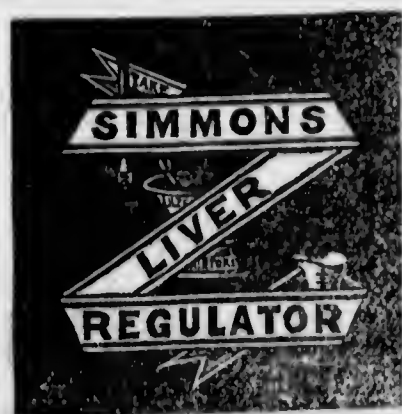

The Modern Way

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Manufactured by California Fig Syrup Company.

For Sale.

Fifty-four acres of land, good four-room house and barn for \$900. One third cash, the balance twelve and twenty-four months. Apply to F. DEVINE.

CONGRESSMAN PUGH has introduced bills as follows: Pensioning Mary E. Harmon, widow of Joseph Harmon, at \$12 a month; Moses Bonier and Martin Cassidy, at \$18 a month; correcting the military records of John W. Kincaide, Jeremiah Hunt, D. F. Danner and James Jones.

THE BEST SPRING MEDICINE

is SIMMONS' LIVER REGULATOR. Don't forget to take it. Now is the time you need it most to wake up your liver. A sluggish liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word REGULATOR. It is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. You want find it on any other medicine, and there is no other liver remedy like SIMMONS' LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

FOR THE BLOOD take SIMMONS' LIVER REGULATOR. It is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. You want find it on any other medicine, and there is no other liver remedy like SIMMONS' LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

THE Mayslick Lecturo Association has engaged J. DeWitt Miller, the best lecturer of the season, for March 5th, at 8 p. m.

THE Ministers Union of the city of Maysville will meet in the study of Rev. J. S. Hays, D. D., next Monday afternoon at 3 o'clock.

MISS FLORENCE MILLER, of West Second street, delightfully entertained a number of her friends Friday evening with a candy pulling.

SERVICES at St. Patrick's Church tomorrow will be as follows: Masses at 7:30, 9 and 10:30 a. m. Sunday School, Vespers and Benediction at the usual hours.

J. B. RYAN, Vice President of the Farmers' National Bank of Augusta, died Friday morning, of congestion of the brain. He was one of Bracken's wealthiest citizens.

MR. CLEVELAND HUGHES, of Forest avenue, is moving into the residence at the fair grounds to-day. He and Mr. Lee Mason will cultivate the land connected with the grounds this year.

ABERDEEN Journal: "Wm. Warren and family have moved to near Mayslick, Ky., this week. The people of that vicinity can rest assured that they will have no better citizens in their midst."

PREACHING at Central Presbyterian Church to-morrow morning and evening. Sunday school at 9:15. Christian Endeavor at 6 p. m. All invited and made welcome. W. O. COCHRANE, Pastor.

THE books of the Limestone Building Association are now open for subscriptions to the fourteenth series. Take stock in a good 63 per cent. investment. This is an easy way to buy a home and stop paying rent. Call on H. C. Sharp, James E. Threlkeld or any of the directors.

DICK KIMBLE was locked up in the Manchester jail Wednesday night on a charge of disorderly conduct. Thursday morning when Marshal McChesney went to give Kimble his breakfast, he found the door of the jail standing open. The prisoner had left for parts unknown. This is the third time Kimble has broken out of the jail.

THE protracted meeting at the Sardis M. E. Church, South, is still in progress. The pastor, Rev. J. D. Redd, is assisted by the Rev. A. P. Jones, a very eloquent speaker. The music is led by Miss Nettie Grover. Doubtless many rusty old sinners will be turned from their ways and the icicle members will be thawed before another week closes.

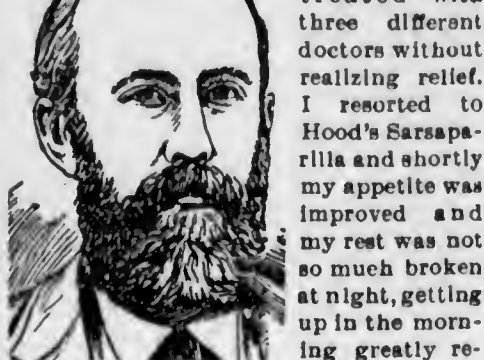

MT. OLIVER Tribune Democrat: "Prof. H. C. Wilson, principal of the Vanceburg schools, and Prof. W. R. Chandler, principal of the Mayslick schools, are talking of doing institute work this summer. Both are Mt. Olivet products, and the Tribune Democrat takes great pleasure in recommending them. They are peculiarly fitted for this work, having been successful educators for many years."

A MIRROR could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest benefactor in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distantly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

To My Joy

Hood's Sarsaparilla overcame the effects of the grip, cured me of dyspepsia and nervous prostration. I treated with three different doctors without realizing relief. I resorted to Hood's Sarsaparilla and shortly my appetite was improved and my rest was not so much broken at night, getting up in the morning greatly refreshed. After taking three bottles of Hood's Sarsaparilla I was entirely cured and today feel as well as ever in my life."

R. B. SANGSTER, Kensett, Arkansas.

Hood's Sarsaparilla

Is the Only True Blood Purifier prominently in the public eye. \$1; six for \$5. Prepared only by C. I. Hood & Co., Apothecaries, Lowell, Mass., U. S. A.

Hood's Pills cure all liver ills, biliousness, headache, 25c.

A GOLD JOB.

Was Pat Minor's Attempt to Swim the Ohio, and He Gave It Up.

Says the Portsmouth Times: "One cold morning last week, when the river was full of ice, a crazy negro, who said his name was Pat Minor and claiming Maysville as his home, attempted to swim the Ohio river at Indian Run, Ky., but after floundering around a while in the water and ice, he gave it up as a cold job and finally succeeded in regaining the shore. When he got to Henry Elliott's house he was almost frozen and he was bleeding from the hands and wrists where he had cut them on ice. After getting warm and a dry suit of clothes put on him and given his breakfast, he left Henry's and started down the C. and O. track and got near Quincy, but becoming weak from the loss of blood, he laid down beside the road. The train men thinking he had been knocked off by one of the many passing trains, stopped and picked him up and took him to Stone City, where he was examined by Dr. Campbell. As soon as his condition became known, he was sent to the proper authorities at Maysville."

The incident mentioned above was spoken of in the BULLETIN a week ago. Minor has about recovered from his injuries.

If you would always be healthy, keep your blood pure with Hood's Sarsaparilla, the One True Blood Purifier.

ANNIE, the youngest daughter of Mr. Louis Lehman, is much improved and able to be about.

You cannot buy a watch as cheap anywhere as you can at P. J. Murphy's. His watches are all warranted to give entire satisfaction; his stock is the "largest."

SERVICES in the First Presbyterian Church to-morrow morning and night at the usual hours. Church Sabbath school at 9:30 a. m. Mission Sabbath school at 2:30 p. m. Westminster Society of Christian Endeavor at 6:15 p. m.

JOHN Y. BROWN, the Centre College student who was poisoned by some patent medicine while ill with measles, has since died. It is thought the stuff he took contained large quantities of opium and that the drug killed him. He was a grandson of John Mason Brown.

CHRISTIAN CHURCH—Sunday school to-morrow at 9:30 a. m. Preaching by Rev. F. M. Rains, of Cincinnati, at 10:45 a. m. Endeavor meetings at the usual hours. The public invited. No preaching at night.

ALL who have heard the Rev. C. A. Thomas' lecture on "Wonderland and the Islands of the Pacific" pronounce it instructive, entertaining, and worthy of patronage. At the Christian Church March 13th.

It May Do As Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

THE accounts of Theo. Power are in the hands of D. P. Ort for collection, and parties indebted are asked to call and settle.

BAD breaks often occur in your watch and articles of jewelry. If you want skilled workmen to repair them, take them to Ballenger. Work guaranteed.
